

MIRAMAR SKI CLUB – OFFICIAL WINTER 2008 TRIP

VAIL & BEAVER CREEK

Vail, a charming Swiss style village, has been consistently rated as the Number 1 Ski area in the United States by the readers of Ski Magazine. The mountain has three fabulous and distinct inter-connected ski areas: the Back Bowls, Front Side and Blue Sky Basin - enough mountains to please and excite all levels of skier.

The luxurious upscale Beaver Creek Resort Center is also a charming Swiss style village. It as well has a vast and varied ski area with skiing for all levels. Because of minimal crowds and an efficient lift system, it claims to have no lift lines. It is 10 minutes from Vail via free shuttle bus.

AREA SKI INFORMATION

The alpine areas vary from 28 - 34% Green, 32 - 39% Blue and 27 – 40 % Black/ Double Black. The combined ski area covers 6900 acres with 46 lifts and 339 trails.

There are 2 Nordic ski centers at Vail with 17 km of groomed trails for skate and classic x-country skiing. The Beaver Creek Center has a 32 km system at the mountain summit with spectacular views in every direction. The trails are primarily beginner and intermediate.

VACATION INFO

Condo Hotel

The recently renovated luxury Vail Spa Condo Hotel is in Lionshead , in the heart of Vail. It is within easy walking distance to shopping, dining, night life and the mountain via the Eagle Bahn Gondola. Amenities include indoor pool, outdoor pool, hot tubs, concierge, and lounge area where we can mingle. Their Health Club features weight and cardio equipment, steam and dry saunas and locker rooms. The free shuttle to Beaver Creek loads at the hotel entrance. Each condo includes a full kitchen, washer/dryer, living room with TV, VCR, sofa and fireplace.

Condo Accommodations

Each condo suite has two bedrooms, a master with a king size bed, separate bathroom and another with twin beds with a bathroom off the living room. There is also a sleep sofa in the living room. A limited number of roll-in cots are available.

There obviously is no problem with the twin bedded room. The master king requires two folks willing to share a bed or one person in the master and another on the living room sleep sofa. Occupants of a suite could determine if they would like to alter room arrangements mid week within their suite..

It would be best for folks to arrange their own suite mates and sleeping arrangements without my matching folks up. We must fill each room to keep our price.

I have spoken with other ski club's trip leaders who have used condos and they report that while it is a little more work for the trip leader upfront, it all works out in the end.
